Want to make \$10k and learn a great lesson?

- pick something you love
- find 100 keywords about the thing using google suggested search terms
- write 2, 1000+ world articles a week based on those keywords
- optimize them with Yoast
- place adsense

12 months later? Voila

So to be clear the \$10k is partially from the value of your site when you sell it

Websites sell for ~35x their monthly net profit

The site only needs to make Less then \$10 a day to be worth \$10k+
